

KERA RANGE KE60UT

TYPE	Undercounter dishwasher
LINE	KERA RANGE
BASKET	500x600
SIZE	585x715x865

The warewashers of the Kera range combine **technology, design** and **excellent performance** with a strong focus on **sustainability**. Equipped with the latest technology as standard, they guarantee perfect washing and impeccable hygiene in every cycle. Thanks to **Integrated Bluetooth and Wi-Fi connectivity**, each model can be fully managed remotely via the **Krupps Remote Control** app and **iKloud** digital platform.

The **Kera** range is designed to offer you maximum cleanliness with a **savings of over 30% on daily energy consumption**.

The **multifunctional dishwasher full optional KE60UT** is the ideal resource for professionals who need to handle a large number of dishes in limited space.

The **KE60UT** model stands out for its **sophisticated design**, its **excellent performance** and its **versatility**; thanks to its **working height of 405mm** it allows the washing of GN1/1 trays up to 650mm high, 600x400mm cassettes and pastry trays, while maintaining the dimensions of a practical undercounter.

The **innovative 5" TFT touchscreen display** allows total control over every step and maximum customisation of washing cycles. The **Acquatech System technology** ensures constant temperature, pressure and consumption, while the **"Level Control" self-regulating system** keeps the water level in the tank uniform, guaranteeing impeccable cleaning.
